JOB ANNOUNCEMENT

JOB TITLE: AGRICULTURE FIELD TRIALS TECHNICAL LEADER

SEX: Male or Female

AREA: Imathia-Veria

We are seeking a highly skilled and motivated Agriculture Field Trials Technical Leader to join our dynamic team in Veria-Greece. As an Agriculture Field Trials Technical Leader, you will play a crucial role in driving the success of our field trials projects. This is an exciting opportunity to contribute to the development of innovative solutions in a fast-paced and collaborative environment

Responsibilities

- Lead and manage field trials projects from initiation to completion, ensuring adherence to project timelines and objectives.
- Coordinate with field trial technicians to develop and execute field trials plans, including site selection, equipment setup, and data collection.
- Supervise field trials technicians and provide guidance and support to ensure high-quality data collection and analysis.
- Collaborate with sponsors to define trial protocols and objectives
- Analyze trial data and prepare comprehensive reports, highlighting key findings and recommendations.
- Stay up-to-date with industry trends and advancements in field trials methodologies, and propose innovative approaches to enhance trial efficiency and effectiveness.
- Ensure compliance with regulatory requirements and company policies throughout the field trials process.
- Ensure that work adheres to government legislation
- Manage relationships with external partners, including vendors and research organizations, to ensure successful collaboration and knowledge sharing.

Qualifications:

- Bachelor's degree in Agriculture. Advanced degree in plant pathology, Horticulture, Entomology preferred.
- Experience in managing field trials projects, including planning, execution, and data analysis.
- Knowledge of agricultural practices and crop production systems.
- Excellent leadership and team management skills, with the ability to motivate and inspire a diverse team.
- Proficiency in statistical analysis software and data visualization tools.
- Exceptional problem-solving and decision-making abilities.
- Excellent communication and interpersonal skills, with the ability to effectively collaborate with internal and external stakeholders.
- Attention to detail and strong organizational skills.
- Fluent spoken and written English
- Driving license

If you are passionate about driving innovation in the field trials industry and have a strong track record of success, we would love to hear from you. Join our team and be part of a company that values creativity, collaboration, and continuous learning

Cross salary between: 22.000 – 25.000 EUR/year
